

Lap Band Happiness

Lap Band Happiness

Moving in on 300 pounds, Silvia went to a lap band specialist in hopes of finding a solution to her weight issue. Like many people, she knew it was time to do something about it.

Silvia, 35, had attempted a number of weight loss measures, but none worked on getting her weight down on a permanent basis. Like many other people in the same position, Silvia decided lap band surgery was the solution for her.
